STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Newmarket in the county of Rockingham in said State, qualified to vote in town affairs:

You are hereby notified to meet at the town hall in said town on Tuesday, the 11th day of March, at ten of the clock in the forenoon, to act on the following subjects:

1. To choose all necessary town officers for the ensuing year.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year; as may be necessary for general government including town officers salaries and expenses, election and registration, town buildings, for the protection of persons and property, including the police department, for health and sanitation, vital statistics, sewer maintenance, sidewalks, street lighting, and general expenses of the departments, for education and the public Library; for charities, including the decoration of soldiers graves; for recreation; for cemeteries; for interest; for new construction and improvements, for indebtedness to other governmental divisions and to pay all other necessary charges arising within said town.

3. To see if the town will vote to authorize and empower the selectmen to borrow money for necessary expenditures; in anticipation of the collection of taxes.

4. To see if the town will vote to allow a discount of two per cent (2%) on all taxes except poll and head taxes, if paid within fifteen days after receipt of bill.

5. To see if the town will vote to accept the budget as submitted by the budget committee.

6. To see if the town will vote to pay members of the fire department $72.00 in addition to that required by law. (Approved by budget commtitee).

7. To see if the town will vote to authorize the establishment of a department of public works; to take over the functions and operations of the highway agent, the highway department, the superintendent of the water works, the water department and the sewer department; and to authorize the selectmen to appoint a supervisor, establish his salary and the salaries of the employees of this department. (Approved by budget committee).

8. To see if the town will vote to authorize the selectmen to make application to the state highway department for state aid in rebuilding the bridge on Ash Swamp Road; and to authorize the selectmen to borrow on notes, the sum of five thousand dollars, for the town's share in replacing said bridge.

9. To see if the town will vote to surface the Mill Hill Road and to raise the sum of $1,200.00 for this purpose. (By petition). (Not approved by the budget committee).

10. To see if the town will vote to authorize the establishment of a capital reserve fund for the future construction of housing for town equipment and raise the sum of $3,500.00 for this reserve. (Approved by the budget committee).

11. To see if the town will vote to have the State Tax Commissioners assess all property in the town of Newmarket for the tax year 1959. (Approved by budget committee).

Given under our hands and seals this 21st day of February, in the year of our Lord nineteen hundred and fifty eight.

PROGRESS REPORT FROM THE OFFICE OF THE SELECTMEN

We respectfully submit to the citizens of Newmarket a summary of the projects undertaken during the past year.

The work at the Town Hall has advanced to a point where we are able to report that the public toilet facilities, located in the basement of the Town Hall, are now a reality. The Police Department has been moved from the first floor to the basement. The area used by the Police Department consists of a new cell block, private office for the Chief of Police and office space for the officer on duty.

The Record Storage area has been fire proofed and heated.

The Court Room is still in the construction stage, but is advanced enough to be used for committee meetings and is also used for our Selectmen's meetings.

A sidewalk and curb has been installed along the main street sections of the public parking lot.

The widening and surfacing of New Road has been started and we are able to report that approximately six tenths of a mile has been completed.

The junction of Elm and Main Streets has been rebuilt in cooperation with the State Highway Department. We have decided to make Central St. a one way street. The proper signs have been ordered and will be installed on arrival. Traffic will be able to enter Central St. from Spring St. only.

The Old Dump Lot on Beech Street extension has been purchased and plans are now being formulated

for the construction of a public works equipment storage building.

Our regular meetings are held on the 1st and 3rd Tuesdays of every month; all meetings are open to the public and we welcome your attendance. We take this time to thank all Town Officers and Citizens for their help in making this past years work a more pleasant and gainful task.

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire

Summary of Findings and Recommendations

January 20, 1958

Board of Selectmen
Newmarket, N. H.
Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Town of Newmarket for the fiscal year ended December 31, 1957, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Public Library and Municipal Court.

FINANCIAL STATEMENTS

Comparative Balance Sheets

December 31, 1956—December 31, 1957:

(Exhibit A-1)

Comparative Balance Sheets for the fiscal years ended December 31, 1956 and December 31, 1957, are presented in Exhibit A-1. As indicated therein, the Net Debt decreased by $8,726.91 in 1957.

Analysis of Change in Financial Condition:

(Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Decrease in Net Debt		
Long Term Notes Paid	$9,905.00	
Increase in Accounts Receivable	2,130.00	
Decrease in Reserve for Yield Tax Bond & Debt Retirement Tax (A/c Abatement)	13.42	
		$12,048.42
Increase in Net Debt		
Net Budget Deficit	$3,321.04	
Excess Remittance by Town Clerk	.47	
		3,321.51
Net Decrease		$8,726.91

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: (Exhibits A-3 & A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1957, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4) a net overdraft of appropriations of $3,582.22, less a revenue surplus of $261.18, resulted in a net budget deficit of $3,321.04.

Summary of Receipts and Expenditures

(Exhibit B-1)

A summary of receipts and expenditures for the fiscal year ended December 31, 1957, made up in accordance with the uniform classification of accounts, is presented in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1957, is indicated in Exhibit B-2.

Statement of Long Term Indebtedness:

(Exhibit G)

A statement of outstanding long term indebtedness, as of December 31, 1957, showing annual debt service requirements, is contained in Exhibit G.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

GENERAL COMMENTS

Appropriation Overdraft and Application of Municipal Budget Law:

It is noted that in the fiscal year ended December 31, 1957, there was a net overdraft of appropriations amounting to $3,582.22. In other words total expendi-

tures exceeded total budgetary appropriations by this amount, as indicated herewith:

Overdrafts of Appropriations	$12,385.33
Unexpended Balances of Appropriations	8,803.11
Net Overdraft of Appropriations	$ 3,582.22

In accordance with the provisions of the Municipal Budget Law, the Board of Selectmen with the approval of the Budget Committee, petitioned the Tax Commission to expend $4,000.00 in excess of budgetary appropriations. A certificate of emergency granting this authority was issued by the Commission under date of August 5th, 1957.

Trust Funds

The audit of the Trust Fund accounts will be made at a later date owing to the fact that they were not available at the time of our regular audit.

CONCLUSION

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Newmarket for their assistance during the course of the audit.

Very truly yours,
Harold G. Fowler,
Director
DIVISION OF MUNICIPAL
ACCOUNTING STATE
TAX COMMISSION

Edgar O. Pesquera, Auditor
Laurence M. Bean, Accountant

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Newmarket for the fiscal year ended December 31, 1957. In our opinion the Exhibits included herewith reflect the true financial condition of the Town of Newmarket on December 31, 1957, together with the results of operations during the fiscal year ended on that date.

Respectfully submitted,

Harold G. Fowler

POLICE DEPARTMENT REPORT

This report is submitted by your Police Department for the year ending Dec. 31, 1957.

The figures given below show a portion of the work accomplished by the Department in the course of a year.

Complaints Investigated	162
Request for Police Escort	57
Emergency Calls Answered	14
Found and Reported Doors Unlocked in Business Establishments	181
Automobile Accidents Investigated	63
Urgent Telegrams Delivered	35
Missing Persons Located	10
Assistance Rendered	57

Value of Stolen Property Recovered $4,220.

The radio receiver and transmitter installed in the police cruiser last July is a vital piece of equipment to a community such as ours, where the extent of our service is limited. This police radio enables us to be in direct contact with State Police headquarters in Concord 24 hours a day, and in a matter of minutes we are in a position to summon aid in any emergency that may confront us.

We have had a noticeable increase in requests by property owners in the past year for periodical inspection of their homes while they go on vacation, etc. We have had cards printed to post vacant places and printed slips showing date and condition in which property is found. We will be glad to extend this service to anyone upon request.

We are now located in our new quarters in the

basement of the Town Hall and are much better situated than before. As you enter the basement you face the Lobby where all routine business is conducted. We now have clean rest rooms for both men and women. The whole area is well lighted and kept very comfortable with a hot water heating system. We extend a cordial invitation to everyone to come and visit our new quarters.

I would like at this time to express my sincere thanks for the splendid cooperation I have received both from our regular officers and our special police. It is no more than right and deserving that we recognize the sacrifice of our special officers of their leisure hours in rendering assistance to the department when needed.

My thanks and appreciation also to the various departments of the Town as well as to all citizens for their cooperation during the past year.

Respectfully submitted,

JOHN VALLIER Chief

Newmarket Police Department

FIRE DEPARMENT REPORT

48 alarms were sounded in 1957. Lost child, 1; Buildings, 6; Chimneys, 5; Cars, 2; Grass, Brush, 25; Oil Burners, 2; Out of Town Calls, 4; False, 3.

The fire trucks and other equipment are all in good condition. The Ford truck which has not been of too much use as a fire truck for the past few years, has been made over into a forest fire truck. The work was done by a few of the boys without compensation. The only cost to the town were a few minor parts which had to be purchased.

We now have two two-way radios — one in the Seagrave and the other in the Chevrolet. In the near future we expect to have our base station (radio) in working order.

A new air compressor was bought and installed for the fire whistle. Two new fire alarm boxes were also bought and installed. One box 32 Exeter St., replaced an old box. The other new box was installed (No. 41) at Maplecrest. Other minor work was also done on fire alarms during the past year.

In our budget this year, more money was asked for to continue work on fire alarms. Also included in budget is money to buy 1½ inch hose, and also to do some painting at fire station inside and out.

A. W. CASWELL, Chief

Progress Report of
BOARD OF WATER COMMISSIONERS

The first action of the year was the revision of the existing Rules and Regulations of the Water Works adopted July 1st, 1941 by new revised Rules and Regulations adopted January 1st, 1957 and the forwarding of a copy to each subscriber.

Work was completed on the new Water Main Extensions on North Main Street and New Road in accordance with the expressed desires of the voters at the yearly Town Meeting, thereby furnishing water service and fire protection to the new subscribers. The problem of eliminating and replacing several inadequate extensions on Cedar Street was resolved by extending the existing Water Main with a full size extension joining the Cedar Street and Beech Street ends of the main. This improvement now provides a loop supply in case of damage to the main on either street, a better water pressure and additional fire protection. It is expected that this extension should accommodate any future growth in the vacant fields adjacent to Cedar Street. In case of future growth between Beech Street and Nichols Avenue it would serve as a supply for an extension.

The cost of the Water Main Extensions installed during 1957 totalled $8,500. which the operating revenues of the Water Works must necessarily defray over a period of several years. Careful consideration must be given by the voters at the annual Town Meeting when obligating the Water Works to extensive water main extensions without appropriating the funds to accomplish these because operating revenues will not always provide for such installations. The eventual course of such actions must lead to the need

to either raise the existing water rates which will impose an additional burden on the current subscribers, or to obtain the necessary funds from local taxes. Proper planning dictates that consideration be given to moderate expansion of service facilities, but such expansion must also be budgeted in accordance with indicated needs and anticipated yearly revenues of the Water Works.

The mechanical equipment is in very good operating condition and no extensive repairs to the plant structure are anticipated. Repairs must be made to the standpipe but it is not expected that these should become more extensive than cleaning and painting.

The project of revising existing blueprints of Water Mains and services and incorporating all the changes made since 1947 has been accomplished and the blueprints are now accurate and up to date. One copy of each set of blueprints has been deposited for safe keeping in the Town vaults.

Preliminary studies have also been made to seek and establish additional sources of water for the Town of Newmarket. It was not necessary to issue restrictions on the use of water during the long drought period last Summer and existing water supplies are considered to be adequate for meeting our current needs. The Board of Water Commissioners realizes that it is well to plan and be on the alert to seek and develop additional sources of water in the event of future expansion and development of industrial facilities in the Town.

SCHOOL WARRANT

To the Inhabitants of the School district in the town of Newmarket, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 18th day of March, 1958, at ten o'clock in the morning, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation which balance is to be raised by taxes by the town.

9. To see if the district will vote to authorize the forming of a planning committee to investigate future elementary educational needs. The committee shall consist of: one budget committee member, one selectman, one school board member. These three members shall choose two additional members from the citizenery after which time the above five members will elect their own chairman. (Sponsored by the Newmarket PTA Association).

10. To transact any other business which may legally come before this meeting.

Given under our hands at said Newmarket this 28th day of February, 1958.

August 15, 1957 THURMAN A. PRIEST

Clerk of School District

To the State Department of Education:

I certify that the above is a correct statement of the financial proceedings of the district for the school year 1957-58, and that copies of this statement have been filed with the chairman of the Board of Selectmen and entered in the records of the school board in accordance with N. H. Revised Statutes Annotated, Chapter 196, Section 20.

August 15, 1957 JOHN L. JORDAN

Chairman of School District

REPORT

of an examination and audit
of the accounts
of the

NEWMARKET SCHOOL DISTRICT

for the fiscal year ended June 30, 1957

made by

THE DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

July 16 and 17, 1957

SUMMARY OF FINDING AND RECOMMENDATIONS

July 24, 1957

The School Board
Newmarket School District
Newmarket, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Newmarket School District for the fiscal year ended June 30, 1957, which was made by this Division in accordance with the vote of the District. Exhibits as herewith listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets: (Exhibit A)

Comparative Balance Sheets as of June 30, 1956 and June 30, 1957, are presented in Exhibit A. As indicated therein, the Net Debt decreased by $10,678.90 during the fiscal year ended June 30, 1957.

Analysis of Change in Financial Condition

(Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues

(Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1957, are presented in Exhibits C and D. As indicated by the Budget Summary (Exhibit D), a revenue surplus of $4,691.34, less a net overdraft of appropriations of $2,012.44, resulted in a net budget surplus of $2,678.90.

Summary of Receipts and Expenditures:

(Exhibit E-1)

A summary of receipts and expenditures for the fiscal year ended June 30, 1957, made up in accordance with the uniform classification of accounts, is included in Exhibit No. 1. Proof of the Treasurer's balance as of June 30, 1957, is indicated in Exhibit E-2.

Statement of Long Term Indebtedness:

(Exhibit F)

A statement of the long term indebtedness of the School District as of June 30, 1957, showing annual debt service requirements, is contained in Exhibit F.

Statement of School District Tax Account:

(Exhibit G.)

A statement of the School District Tax Account with the Town of Newmarket is presented in Exhibit G. As indicated therein, as of June 30, 1957, the School District has received from the Town an advance on the 1957-58 School Tax of $6,000.00. This is included as a liability account in the balance sheet.

GENERAL COMMENTS

Current Deficit:

The current deficit (excess of current liabilities over total assets) decreased from $6,551.35 to $3,-872.45, during the fiscal year ended June 30, 1957, as shown herewith:

	June 30, '56	June 30,'57
Current Liabilities	$7,000.00	$6,000.00
Total Assets	448.65	2,127.55
Current Deficit	$6,551.35	$3,872.45

Appropriation Overdrafts and Application of Municipal Budget Law:

It is noted that in the fiscal year ended June 30, 1957, there was a net overdraft of appropriations amounting to $2,012.44 (Exhibit D). In other words, total expenditures exceeded total budgetary appropriations by this amount. In accordance with the provisions of the Municipal Budget Law (Chapter 32 of the Revised Statutes Annotated), application should have been made to the State Board of Education for authorization to make expenditures in excess of budgetary appropriations.

CONCLUSION

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District.

We extend our thanks to the officials of the New-

market School District for their assistance during the course of the audit.

Yours very truly,
Harold G. Fowler
Director
Division of Municipal Accounting
State Tax Commission

Joseph W. Boudreau, Auditor
O. Maurice Oleson, Accountant

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire

July 24, 1957

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Newmarket School District for the fiscal year ended June 30, 1957. In our opinion, the Exhibits included herewith reflect the true financial condition of the School District on June 30, 1957, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

Harold G. Fowler
Director
Division of Municipal Accounting
State Tax Commission

Joseph W. Boudreau, Auditor
O. Maurice Oleson, Accountant

INDEX

EXHIBITS:

A —Comparative Balance Sheets—As of June 30, 1956 and June 30, 1957.

B —Analysis of Change in Financial Condition.

C —Comparative Statement of Appropriations and Expenditures.

D —Statement of Estimated and Actual Revenues and Budget Summary.

E-1—Classified Statement of Receipts and Expenditures.

E-2—Summary of Receipts, Expenditures & Proof of Treasurer's Balance.

F —Statement of Bonded Indebtedness, Showing Annual Maturities of Principal and Interest.

G —Statement of School Tax Account.

Schools will be dismissed at noon on September 3 and November 26.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Newmarket.

It is with pleasure that I present my annual report to you:

It may be true that Russia leads the United States in the production of engineers and scientists. But that is only one side of the story. The other side raises many questions as to just how far education is extending among Russian youth, and how good that education is.

Does the average Russian child receive as much education as the American boy or girl? Is Russian education below, equal to, or superior to that of the American system?

A little intensive reading in this field of recent educational literature reveals that about one-third of the youth of Russia reach what compares with the upper three grades of an American high school. By contrast, in America, 75 per cent of the young people reach these grades. As for higher education, less than seven Russians of every 1,000 are receiving university training at college level.

Facts indicate that two-thirds of the Russian children are denied educational opportunities beyond the seventh grade. The reason for this denial is acute shortage of classrooms! Despite the publicity of an expanded building program, half of the 195,000 local schools in Russia are inadequate because of space shortage.

The same overcrowding is extended to the university level! Enrollment has risen 110 per cent since 1940, but available space has expanded at this level

only 37 per cent.

Under such conditions, tens of thousands of Russian children—the majority—are removed from local schools at about 14 years of age and sent to work. Do we want this in our schools? I don't think so!

This unfortunate group constitutes a pool of cheap, mobile labor under the guise of educational procedure—procedure that terminates in coal mines and factories.

Russia is trying to impress the world through such scientific feats as Sputnik I and Sputnik II. True, Russia has increased its number of scientists, ***but*** at the expense of the majority of its citizens.

Russia is being criticized by Russians for the overloading of engineering students, leaving the students little or no time for independent study.

Alexander G. Koral, a Russia-affairs specialist at the Center for International Studies at the Massachusetts Institute of Technology, stated recently that while Russia is expanding its whole educational program, chiefly to meet Communist military objectives, there is no immedate threat that Soviet education is about to match or surpass that of the United States.

I believe that much damage has been done to our educational system during the past twenty years by the disciples of PROGRESSIVE education. We are now ready for the pendulum to swing back to the essential methods and policies for our public schools:

1. Reading to be taught in early grades, with emphasis upon phonetics.

2. Cursive writing to be taught, starting in the third grade, with emphasis on drill.

3. Spelling to be taught as a subject, in conjunction with reading, with emphasis upon phonetics.
4. Basic arithmetic to be taught in the first 7 grades.
5. History, civics and geography to be taught as separate subjects.
6. The essentials of grammar and the structure of English to be taught in the early grades.
7. Greater use of written essay-type examinations should be made available.
8. A reasonable amount of homework should be required, and parents should be encouraged to supervise home study.
9. Promotion should be determined primarily by proficiency.

Your school board deserves much credit in giving so much time and thought in the preparation of the budget. They have made an honest attempt to see that the budget is well proportioned for the educational needs of your children.

In closing, I wish to express my thanks to the pupils, school board, PTA, citizens and teachers for whose understanding, patience and kindness have made the school year one of success.

Respectfully submitted,

GEORGE P. SULLIVAN,

Superintendent of Schools

HIGH SCHOOL PRINCIPAL'S REPORT

To the Schoolboard and citizens of Newmarket:

It is with great pleasure that I submit to you the annual report as principal of Newmarket High School.

Teachers

On the opening day, September 4, 1957, the school officially began with some changes in the high school faculty. Mrs. Betty Greenwood replaced Mrs. Claudia V. Cloutier to teach College Preparatory English. She left December 20 to join her husband in Texas. The present teacher of College Preparatory English is Mrs. Carney, who came to us from Rye. Mr. Lewis Crocker, the music supervisor, was replaced by Mrs. Lila Cobb. The mathematics and science teacher, Mr. Charles Greenwood, was replaced by Mr. Willis Cobb. Mr. Joseph Crotty came to us as an additional teacher this year. He is handling Junior and Senior Science and Physical Education. Mr. Lewis Robinson replaced Mr. Charles Ackerman to handle the Industrial Arts in the school.

This continual change of faculty members is far from beneficial in the conducting of the best possible schools for the young people of Newmarket. We are however, very fortunate in that the new teachers who have arirved are very well qualified in their respective jobs and fit very well into our program.

Curriculum

Since I have taken over the duties of principal of your high school many changes have taken place,

with the results that your schools now are better serving the needs of your community. Among some of the changes in our curriculum a class in Psychology has been added. All students now have two periods of Physical Education a week. Numberous clubs have been incorporated into our program as co-curricular activities, this is to say that these clubs are now an intricate part of the students daily learning.

Two new courses are going to be added next year, they are freshman science to help bridge the gap between elementary science and high school science; a course in music appreciation will be added to increase our fine arts program.

Auto driving will continue to be on alternating year basis.

Guidance

The Guidance program in the Junior and Senior high school is carried on by the principal. The program consists of standardized tests administered here at the high school and these utilized with the University of New Hampshire testing program help to determine what curriculum the student should follow to achieve his vocational aims. The principal has each student of the school for a full period interview twice during the school year, at which time the test results and the students' individual interests are correlated so that the principal may advise the student in his program of studies.

If any parent would like to know of the results of these interviews or help by giving additional information, the school would consider it a great privilege to have them visit at their convenience.

Building

The time has come when I sincerely believe that a definite policy for building materials must be adopted. Each and every year more things wear out thru continual usage. As things stand now many of the desks that were placed in the building as original equipment are in poor shape. The boiler room roof has developed leaks and leaks on the new oil burner. The roof of the main part of the building leaks in the supply room. The back side of the high school building should be re-pointed and water-proofed. Some interior redecoration should be done in the form of a new coat of paint in a few rooms. Facilities for a separate room as a library are mandatory in order that we meet the requirements of the State Department of Education as a fully accredited secondary school.

Athletics

The athletics and Physical Education program remains the same. Each student receives two classes of supervised Physical Education per week, these classes include group calisthenics and group games that are appropriate to the various seasons.

This past fall the Cross Country Team from Newmarket took the Class S championship at Durham.

The second semester of this school year, we are privileged in having a practice teacher from the University to help out in our girls Physical Education program.

Outstanding Students

This past year two students had the privilege of becoming members of the Lamprey Chapter of the

National Honor Society, they are Sandra Bassett, a senior, and Geraldine Bogacz, a junior.

Two senior girls of the College Preparatory English class have had their poems accepted by the National High School Poetry Association and their poems will be published in the annual Anthology of High School Poetry. These poems are "And the Wind Traveled On" by Carla Grant and "Idle Gossip" by Crystal Marden.

The Betty Crocker Homemaking Award was won by Carla Grant.

Once again I wish to thank you, who make working in Newmarket a pleasant task. as always co-operation must exist between the home and school in order that your children receive the best possible education.

Respectfully submitted,

BERNARD C. FORBUSH

CENTRAL SCHOOL PRINCIPAL'S REPORT

To the School Board and Citizens of Newmarket:

It is with great pleasure that I submit this my first annual report as principal of Newmarket Central School.

Teachers

The teaching staff in the Central and the Stone Schools remained rather table this year, the only replacement being Mr. Edward O'Connor, as principal and fourth grade teacher. The others on the teaching staff include Mrs. Mildred Rooney, Grade 6; Mrs. Ruth Robie, Grade 5; Mrs. Irene LaBranche, Grade 3; Mrs. Frances Nesbitt, Grade 2; and Mrs. Carolyn Reed, Grade 1.

Changes and Improvements

There were a number of changes and improvements at both the Stone and Central Schools this year.

At the Central School the first thing to be done this year was to continue the program of replacing old desks and chairs. This year grade two got the new ones. The roof was reslated in places to stop a few leaks before they did any great damage. Six combination storm windows were purchased for the windows in grades three and four. It is expected that these windows will in the long run, save money due to the amount of heat that will be saved.

At the Stone School, new sinks and drinking fountains were installed, and the inside of the building was painted. A piano was donated to the school this year and was placed in grade five.

A 16 m.m. motion picture projector was pur-

chased for both schools, and this is something that was sorely needed.

The School Program

The school program is planned to meet the needs and growth patterns of the boys and girls entrusted to the guidance of the school.

Reading

Reading has always been an important subject, though its importance has increased materially with the enlarged sphere of application which modern life has opened up for all.

The program of instruction is planned to make the child's introduction to reading successful through a gradual and informal approach that is best suited to his individual powers of accomplishment.

Parents and teachers can insure him a rich background so essential for meaningful reading by providing actual experiences which increase his understanding of the world about him and enrich his vocabulary. Stimulating a desire to read is important as much of a child's success in learning to read depends upon his own interest and curiosity to learn.

The classroom invites reading through pictures, bulletin boards, shelves with books—everything the child needs to read and wants to read. The parent and teacher, by making their reading to the child a source of pleasure, adventure and information, will create the desire to secure access to these sources for himself.

The instruction provides for child growth and development of certain fundamental attitudes, habits and skills. Speed of silent reading, fluent, accurate

oral reading, comprehension and interpretation are stressed. Permanent interests in and desirable tastes for different types of good reading material are the ultimate goals of achievement.

Number

The arithmetic program is planned to meet the child's needs for number and is arranged in such a way that the learning of number facts becomes meaningful experiences instead of a mass of memorized material with little significance attached.

The primary objective is to develop number ability by providing many, varied, concrete opportunities which necessitate the solution of practical problems. This leads to understandings which have been obtained from real life situations.

Emphasis is placed upon the developing of number readiness before abstract concepts are taught. Care is given to the development of a numerical vocabulary, to the strengthening of number meaning, and to the development of concepts of size, quantity and location.

Writing

Lettering is taught in the beginning grades. Children become aware of the need for writing through observing the teacher print their names, their dictated stories, labels for dramatizations and news items in which they are interested. They become familiar with the form of manuscript before they begin to write it. Lettering is easy to learn because of the simple strokes and the omission of unnecessary loops, curves, and long joining strokes. It demands less muscular control and coordination. It is a definite aid in beginning reading as it parallels more nearly

the print in books. The large letters facilitate correct formation and as a result the writing is more legible and neat. In the third grade, the child makes the transiiton easily to cursive writing as the various activities of home and school life have helped develop better muscular coordination.

The aim in teaching lettering is to develop skill so that the child's ideas may be recorded in an easy and fluent way and be legible for others to read.

Testing

This part of the program is being initialed this year at both the Central and Stone Schools, and will be followed up every year.

Intelligence tests will be administered in the second, fourth, and sixth grades. In the third and fifth grades the students will be given achievement tests.

So, when the youngsters leave us in the sixth grade, they will not only have their report card marks given by the teachers, but they will also have five standardized test marks which will have been given throughout their first six years in school.

These two things, (1) report card marks; and (2) standardized test marks, will give as accurate a picture as possible of the students at the time they enter Junior High School.

Respectfully submitted,

EDWARD F. O'CONNOR,

Principal

MUSIC REPORT

Elementary School:

Music this year in the elementary school consists of an integrated program of vocal, rhythmic, and listening activities, paced appropriately to each age group.

In the first grade our objectives are that the children learn to sings songs in tune, artistically, by imitation, learn to feel basic rhythms, and learn to discriminate mood and tempo in music. This is accomplished by voice tuning, singing rote songs, dramatizing songs, rhythmic activities, Rhythm Band, and listening to recordings.

Music in the second grade follows a similar pattern, although more difficult activities are presented and the basic elements of note reading are taught when the grade has reached proficiency in rote singing. Voice tuning is still carried on in grade two to help those who cannot sing on pitch.

When the average child has reached grade four, he should be able to read very simple songs at sight with syllables and words. Remedial work has been necessary this year so that the present fourth grade may attain skill in this phase of music that is appropriate to its age group. Rhythmic activities through folk dancing are carried on to increase musical experiences.

Some remedial work has been necessary in grades five and six in sight reading. Two part singing is now established in grade five, although three part singing is, at this time, considered too advanced for grade six. It is expected that we will attain this goal by the end of the year. Listening activities and folk danc-

ing are integrated with the singing programs for both grades five and six.

Much has been accomplished this year in terms of establishing an appreciation for fine music, improving tone production, and developing an adequate sense of rhythm, as well as gaining skills in music reading. May I express my most sincere thanks to the eelmentary teachers for their kind cooperation in making these achievements possible.

Junior High School Music:

General Music classes continuing the elementary program to a more advanced level have been augmented by the establishment of a Junior High Glee Club, which has performed for several public and school functions. This Glee Club will aid the Newmarket High School Glee Club in its presentation of an operetta this spring. It is expected that the Junior High Glee Club will add many competent singers to the High School Glee Club next year, and also receive many eager members from grade six.

High School Music:

Since the High School Glee Club has been allotted school time for rehearsals, we have been able to build a well-balanced group of about forty-eight boys and girls who have accomplished much this year in the use of their singing voices, and increasing ability in part snging, as well as performing successfully for several public and school performances. Not only do these students find ways of improving themselves through singing in Glee Club; they also find emotional release and an appreciation for beautiful music thru participation in group singing.

Our plans for the remainder of the year include the presentation of an operetta, a musical, and the music for graduation, which promise rewards for the members of the group—enjoyment in singing, appreciation for fine music, and belonging to a well-balanced singing organization.

Future Plans:

If future plans can be carried out successfully, we hope to offer a new course, Music Appreciation, for students in their junior and senior years of high school, the requirements of which will be at least one year's experience in the Newmarket High School Glee Club and an average of "C" or better in other courses. This new course is offered in response to a demanding cultural need to further music education above the eighth grade level and the need to offer another Liberal Arts course to satisfy increasing state requirements.

Another plan in the making is that we will be able to offer talented fourth, fifth and sixth graders an opportunity to sing in an elementary chorus which will meet once each week.

May I offer my thanks to all those who have so helpfully cooperated in the music program this year.

MRS. LILA J. COBB,

Music Supervisor

Health Condition Not Finished Yet at St. Mary's.

Polio Clinic Oct. 23, 1957

Held at gymnasium—Dr. Irving Brown gave shots.
High School:

82 Had 3rd shot.
4 Had 2nd shot.
8 Had 1st shot.

Elementary
83 Had 3rd shot.
6 Had 1st shot.
3 Had 2nd shot.

St. Mary's
283 Had 3rd shot.
8 Had 1st shot.
1 Had 2nd shot.

T. B. Patch Test April

502 Had Test.
6 Had Reaction.
6 Parents were seen.
2 Had X-rays and examinations of priv. doctor.
4 Went to Portsmouth—Dr. Kerr's Clinic.

Chests X-rayed examined by Doctor Kerr — all were negative—to have examination every 2 years.

Dental Clinics Sponsored and cared for by Local PTA

Clinics held at the offices of Dr. Getchell and Dr. Robshaw.

Elementary School	Grade 2	Dr. Getchell
Children examined	12	
X-rays taken	22	

All needed work done

Fillings	30
Extractions	1

4 children did not return to complete the work.

St. Mary's	Grade 2	Dr. Robshaw
Children Examined	21	
X-rays taken	36	
Children needing no work done	6	
Fillings	54	
Extractions	0	

Wonderful to see so many children having their teeth cared for properly, and returning to the dentist again.

2 Pre-School Clinics held in June at St. Mary's and Central School. All children were registered and had health inspection.

Eye and Ear Test Done.

38 children attended St. Mary's.

21 children attended Central School.

Parent's Attention—

All children who are to enter school September, 1958 must be vaccinated since this is a state law. Have your child vaccinated early — also consult your family doctor about Polio Shots and other shots your child may need before entering school.

Thanking teachers, parents and many women of the community for their help and cooperation this past year.

MYRTLE V. FLETCHER,

School Nurse
